

Blue Ridge Behavioral Health: Patient Policies

Office Hours

Evening, weekend and other hours are available at the discretion of your clinician. The business office is open Monday through Friday from 8:30am until 5:00pm.

Appointments

All appointments are scheduled. Psychiatrist's appointments are scheduled by the administrative staff. All other appointments are scheduled by your clinician. We require a minimum of 24 hours notice if an appointment must be cancelled or rescheduled. Failure to provide 24-hour notice of cancellation may result in a charge up to the full fee of the scheduled service. Payment for missed appointment charges are the responsibility of the patient.

Telephone Service

The office uses a voice mail system. Please listen carefully to all options. During business hours, you can direct your call to the receptionist at any time by selecting "0". If you know the extension of your clinician, you may enter it at any time. If you do not know your clinician's extension, you can press "4" for a directory. The prescription line is monitored daily until 4:00 p.m. The following services can be reached directly by entering the appropriate extensions:

New patients – 1

Prescription refills – 2

Physician scheduling – 3

Emergencies

If you have an emergency outside of normal business hours, contact our answering service at 301-712-9183. If your clinician is unavailable, the answering service will direct you to the on-call clinician. Please do not call for non-emergency problems after regular business hours.

Prescription Refills

When you need a prescription refill, please contact your pharmacist first. If no refills remain, the pharmacist will call our office to authorize a new prescription. For other pharmacy requests (mail order, Adderall, Ritalin, Concerta, Dexedrine, Metadate etc) please select extension 112. ALLOW A MINIMUM OF 24 HOURS FOR PRESCRIPTIONS TO BE PROCESSED.

Managed Care

Managed care plans have various rules about how to begin treatment. If your plan requires a referral from your primary care physician, we must receive the referral prior to the first visit. Some plans require phone authorization before beginning treatment. If the required referral or authorization is not presented at the first visit, you agree to waive your insurance benefits and you will be responsible for payment in full at time of service.
