

BLUE RIDGE BEHAVIORAL HEALTH – PSYCHIATRIST OPENING

Blue Ridge Behavioral Health is a well-established, multidisciplinary private practice that has been serving the Frederick, MD and surrounding communities for 30 years. We are currently seeking a psychiatrist to join our thriving group practice comprised of social workers, counselors, psychologists, and child and adolescent psychiatrists.

We provide comprehensive psychiatric services for children, adolescents, adults, couples, and families, including the following services: psychiatric consultations, medication evaluation and management, individual therapy, family therapy, couples therapy, parent management training, and neuropsychological testing. Our practice has a large referral base and collaborative relationships with local providers due to our long history of providing high quality care.

Position Details:

- Full-time position in a reputable multidisciplinary group practice
- 100% outpatient care. No inpatient, day hospital/IOP/PHP rounding or coverage.
- Flexible work schedule. No required weekends or holidays.
- Hybrid model with in office and telehealth visits
- Clinical autonomy. Psychiatrists retain control over treatment of patient populations balanced to clinical preferences and duration of appointments within established clinical standards.
- On call rotation for urgent clinical issues outside of regular business hours
- Collaborative and collegial work environment
- In house referrals for therapy and neuropsychological testing
- Weekly scheduled clinical meetings to provide support and opportunities for collaboration
- Administrative support, including billing, scheduling, and obtaining prior authorization

Compensation & Benefits:

- Compensation is based on productivity, ranging from \$20,000 - \$40,000 per month
- As an Associate, our psychiatrist:
 - Will receive a dedicated caseload upon starting
 - Will contribute a certain percentage of monthly income toward practice expenses
 - Will receive a three percent employer matching contribution to the SIMPLE IRA retirement account
- Opportunity for ownership in the practice

Candidate Requirements:

- Board certified or board eligible general psychiatrist or child and adolescent psychiatrist (MD/DO)
- Active and unrestricted medical license in Maryland

Location:

- Frederick is a rapidly growing and vibrant city in western Maryland that has a unique mix of historical sites, outdoor recreation, renowned restaurants, and serves as a major biotechnology hub.
- It is located within an hour of Baltimore, MD and Washington, D.C.
- To learn about what Frederick has to offer, please visit www.visitfrederick.org and www.frederickcountymd.gov
